

 **EDUCATE**
New York State
A RALLY FOR PUBLIC ED

You're invited: parents, grandparents, educators, students, community members...
All who care about kids and public education in New York State.

WHEN:

March 17, 2011

5:00pm - 6:00pm

PLACE:

**Downtown Rochester
@ The Liberty Pole**

Grab your colleagues, spouses, children, neighbors.... These rallies across the state ARE making a difference and the legislators cannot ignore us! This IS worth your time (put your corned beef on simmer so it's ready for after the rally!).

Over 500 of us from all public employees unions showed our solidarity with the public employees being attacked and scape-goated in Wisconsin on March 2 on the steps of the Rochester City Hall.

Your voice and presence is needed to keep the pressure on so our state government does the right thing and balances their budget - but NOT on the backs of our students. Find the WTA banner to join up with the Webster teachers' contingency at the rally.
